

DIESEL ENGINE FLUSH

APPLICATION

- A synthetically fortified oil additive, which has been designed to quickly clean the inside of a car or vans engine before an oil change.

PROPERTIES

- Removes harmful deposits, sludge and soot.
- Neutralises harmful acids.
- Leaves engines clean, ready for new oil to circulate freely.
- Helps free sticking valves and piston rings.
- Allows new oil to circulate freely.
- Flushes out contaminants before an oil change.

TYPICAL INSPECTION DATA:

Colour	Brown
Specific gravity at 20°C	0.879

DIRECTIONS FOR USE

- When engine is warm, add complete contents of pack to the motor oil.
- Fast idle for at least 10 minutes before draining used motor oil.
- Diesel Engine Flush may also be added to the motor oil during the week prior to servicing and it will work while you drive.

HANDLING

- Avoid extremes of temperature.
- Store under cover.

SHELF LIFE

- 5 years from date of manufacture.
- Manufacture date can be identified from a five figure code printed on the bottle. The first three figures indicate the consecutive day of the year, the last two figures the year.
